This is a genuinely comparative study of the different trajectories and experiences of independent African states. It addresses the differential legacies of British, French, Portuguese, Belgian and Spanish colonialism as well as the unique qualities of imperial Ethiopia and Liberia. Paul Nugent analyses boundary problems, the reshaping of territorial structures and the contrasting ideological paths followed by civilian and military regimes.

~~Africa since independence: a comparative history by Nugent---~~

Description. An indispensable introductory textbook that provides students with a genuinely comparative study of the different trajectories and experiences of independent African states. Paul Nugent explores a range of key concerns including the impact of HIV and AIDS, the contagion of warfare, and efforts at achieving national reconciliation both in the past and today.

~~Africa since Independence: Paul Nugent: 9780230272880~~

I n Africa Since Independence, Paul Nugent traces the trajectories of sub-Saharan African states from their post World War II anti-colonial movements, a time of hope and optimism, through the early twenty-first century, when many of them, with newly created quasi-democratic institutions, were recovering from state collapse and economic crisis. He offers no governing thesis; his talent lies in sensitively steering between the Scylla and Charybdis of every major debate that has put Africans ...
