As before, Robert Heilbroner and Lester Thurow treat these problems in language that seeks to make clear their causes and treatments. In this straightforward, highly accessible reference, Heilbroner and Thurow -- two of America's most respected and articulate economists -- offer all the economics essential for becoming an effective investor, a savvy business decision maker, or simply an informed member of society.

Economics Explained: Everything You Need to Know About How ...

Overview. In its fourth edition, Economics Explained continues its announced purpose—to explain that mysterious thing called economics—with a new urgency. It is announced in the first sentence of the introduction: "Just in case the reader-to-be hasn't noticed, disturbing things are going on in the American economy these days." This new edition is about these disturbing things: a trend toward inequality of incomes, the appearance of a new "globalized" capitalism, the "specter" of inflation.
