I am currently a graduate student in Statistics at Miami University of Ohio. For my first and second mathematical statistics courses, we are using this text. This is a really great book. It is fairly short, and each section is on average only 2-3 pages, but those 2-3 pages are absolutely packed with good

This book is old, it is a rare masterpiece which is worth reading if you wish to understand the mathematical bases of statistics. It is written using a writing style that was suitable for those days when P. G. Hoel was teaching stats, roughly 50 years ago.
